The NYO feels that separate investigations on the subject and his wife result in duplication, and that this investigation could be handled more efficiently by having one pending investigation on the subject's wife.

All information concerning the subject will be channeled to the subject's case file in the NYO, and all significant information pertaining solely to the subject will be furnished to the Bureau.

The agents who observed the subject and his wife at the office of the "China Daily News", on 7/9/67, were RICHARD M6 CORMICK, JR. and PETER E. WEBB.
